SEAPCO RISE Program Overview

SEAPCO's transition educational program (SEAPCO RISE) is a community based program designed to assist students in the transition from school to adult life. The program is a collaborative effort between students and families, cooperating school districts, and adult service providers (DRS, EPIC, ICC, ect.). This program, for individual students, uses a person-centered approach in which the individual's needs and desires are designed by the student and his/her team. SEAPCO RISE addresses the following instructional areas: independent living, vocational-employment, social/leisure/recreation, and post-secondary opportunities.

Mission

The mission of SEAPCO is to provide a structured environment to address the educational, emotional, and behavioral needs of all students to enable a successful transition.

STUDENT AND FAMILY COMMITMENT EXPECTATIONS

For the success of the student it is very important for the parent(s)/guardian(s),caregiver(s) to be involved and support the student's independence.

RISE expectations include

- We focus on independence and providing students with the opportunity to problem solve and do things independently. Therefore, students should be practicing the skills they are learning at home and on the weekends.
- Assist in planning for the eventual exit of your young adult from school services to adult services.
- Part of the uniqueness of the program is that the young adult directs their own learning experience, and will need family support to reinforce these skills to help students reach their goals.
- Participating in parent education nights twice a year.
- Check the website, read notes sent home, and remain in contact through email/telephone calls
- Parent/Guardian will assist student with communication by:
 - Communicating absences by 6:00 AM to district transportation
 - Communicating absences to Amber Buss/Allison Borland at SEAPCO 697-0880
 - Communicating absences to student's employer
- Students are expected to be independent out in the community, parents are not encouraged to attend.

COMPONENTS OF TRANSITIONAL EDUCATIONAL PROGRAM

(These components are individualized to meet the needs of each student)

- Work in the STEP program
- Participate in class activities
- Maintain good attendance for both work and school
- Complete work
- Participation in IEP and transition planning
- Be willing to work towards becoming an independent adult
- Learn and manage an individual schedule
- Follow community norms
- Understand respect, responsibility, and teamwork
- Be prepared, with needed materials, for work and school

Community Based Instructional Experiences

Students will be involved in daily community based instruction. Students are responsible for sharing their community schedules and activities with their families, guardians, and/or group home staff. This calendar of events can be viewed on the website, seapcorise.com. The goal of community based instruction is for students to be independent in the community and families are not encouraged to attend.

Staff Support and Fading

Students are working towards independence at home and in the community. Students will begin the year with much staff support and instruction throughout the day. However, staff will be gradually fading out their support as each student becomes more independent. As students progress through the program increasing their independent skills, a decision may be made by staff, students and families to fade out supervision during work experience or other activities.

Program Expenses

Many of the learning activities that students choose to participate in will cost money. It will be the responsibility of each young adult and his/her parents to pay for the activities. The program will have many fundraisers throughout the year, and some of the activity cost will be covered by the program to help keep costs down.

Lunch will be prepared daily by the students. The lunch menu is available on the website. The cost for lunch will be \$2.50 per day. This will allow for the accurate purchase of needed food supplies, so students can make meals appropriate for the number of the students eating lunch each day. It is your student's choice to pay for lunch daily or bring lunch from home. Optional additional costs during lunchtime will be desserts \$1.00 and chips \$.50. If the student cannot afford lunch for that day or forgets their lunch, a peanut butter and jelly sandwich will be provided free of charge.

Students and staff who are sick or have infected lesions will be excluded from lunch preparations.

Cell Phone Guidelines

Cell phones will be permitted at RISE during educational time at the teacher's discretion. These opportunities will be taught and explained to the students in advance. Phones will be allowed during the following times always: before school, after school, and during lunch. Use of personal music players and electronic games is limited to free time only (before and after school). If a student demonstrates improper use, individual arrangements will be made to ensure that they follow guidelines for cell phone usage.

If you need to reach your child in an emergency situation, please contact SEAPCO RISE at 697-0880 extension 291, they will not have access to their personal phones most of the school day.

DISCIPLINE CODE

SEAPCO employs a variety of disciplinary measures to maintain a safe educational atmosphere. Students who display undesirable behavior are disciplined to help correct such behavior and to help them develop self-discipline. When a student is involved in a disciplinary action, the student will be afforded individual attention in a constructive manner. Discipline procedures will follow the due process of law, including providing for appeals to other school authorities. For additional support, parents are informed of disciplinary action to enable the home and the school to work together to correct such behavior. Students must understand that any staff member has the authority to correct misconduct at any time.

Philosophy of Student Discipline

Two principles govern all rules:

1. Conduct which is disruptive of the educational process is prohibited
2. Conduct which infringes upon the rights of others is prohibited

All students must know the school rules which relate to conduct and discipline. The methods utilized to alter inappropriate student behaviors include, but are not limited to:

Student conferences	Parent conferences
Peer mediation	Denial of privileges
Removal from class	Suspensions

Behavior Management /Intervention Program

The opportunity to learn is a right of every child. The program at SEAPCO is designed to modify those behaviors that interfere with learning, by using the least restrictive alternative. The success of this program will best be achieved through early identification and placement. The ultimate goals are the productive return of the child to a less restrictive placement. Individual programming, which is consistent and structured, emphasizes the pupil's academic, emotional, and social adjustment in relation to peers, family, and community. The cooperation of the parent(s)/guardian(s) with SEAPCO staff is vital.

It is a firm belief that in order for any classroom to be effective there has to be classroom rules and procedures in place for it to run smoothly. To ensure that your student and you understand the expectations, they are provided in the outline of classroom rules and procedures.

Please refer to the Procedural Safeguards and Parental Rights.

Gross Defiance/Disobedience

Gross disobedience is defined as behavior that is causing, or might cause a major disruption or interfere with school activities. This includes activities in the school, on campus near the school, and on a school bus. Students may be suspended for gross disobedience or misconduct.

Types of behavior that are considered gross disobedience or misconduct include but are not limited to:

- Repeated or willful behavior which shows disregard for school rules and regulations.
- Insubordination to any school personnel (administrators, teachers, and all non-certified staff).
- Acts which endanger or harm the health, safety, and welfare of others.
- Behavior in which the student tries to harass, intimidate, or frighten directly or indirectly, any student or school employee.
- Excessive truancy or tardiness after warnings.
- Possession of any dangerous weapon or look-alike weapon.
- Theft or destruction of property belonging to other students, school, or staff. *Use of profane or obscene language.
- Sexual harassment of any student or school personnel.

Aggressive Behaviors - Verbal and/or Physical Aggression

Students are prohibited from engaging in aggressive behavior that may reasonably produce physical or physiological harm to another person. The administration will make efforts, including the use of early intervention and progressive discipline, to deter such behavior at school and school related events and shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the SEAPCO's authority to impose any discipline for such behavior.

Students are expected to use appropriate tone, volume, facial/body expression, physical space and language with all staff members and peers. In addition, physical aggression of any kind directed at a staff or peer is not permitted. This includes entering personal boundaries (getting "in the face" of another, moving towards someone in a threatening manner, etc.)

Physical contact between students such as horseplay, pushing, wrestling, throwing snowballs, etc. is not acceptable at school. Displays of affection are considered improper behavior in the halls or on school grounds and are disruptive to the school's educational atmosphere. Language, gestures, and actions that are considered to be improper will not be allowed in the building or on campus.

Fighting, verbal confrontations, or physical conduct that might be construed to be a fight will not be tolerated. Each case is judged on its own merits as to provocation, background, aggressor, and shall result in one or more discipline actions: suspension and/or referral to the Bartonville Police Department for a charge of Disorderly Conduct and/or Battery.

The physical contact (striking, pushing, spitting on, etc.) with any teacher, teacher aide, staff member, or school employee by a student will result in the following options: loss of privileges, detention, suspension, and/or expulsion and referral to the Bartonville Police Department for charges of Aggravated Battery.

Inciting others to misconduct shall be defined as urging, stimulating, or provoking another student into misconduct and shall result in one or more of the following options: loss of privileges, detention, suspension, expulsion and/or referral to the Bartonville Police Department.

ATTENDANCE

Regular attendance in school is one of the major ingredients for success. Consistent attendance and punctuality are also characteristics that are valuable for success in future endeavors. Parents can assist us by encouraging their students to attend school regularly.

According to section 26.2A of the Illinois School Code, the only legal reasons why a child may be absent from school are:

1. Illness
2. Funeral
3. Observance of a religious holiday
4. Family emergency
5. Circumstances which cause reasonable concern to the parent or guardian for the safety of health of the student
6. Other situations beyond the control of the student, as approved by the superintendent, principal or designee.
 - a. Example: pregnancy or health issue may require a 504 to work on remote learning, after school tutoring, and/or changes to make up work policies set by classroom teacher
 - b. Example: COVID + may require quarantine learning protocols set up by guidance counselor or administrator

*****AFTER SEVEN ABSENCES, OR AFTER THREE CONSECUTIVE DAYS ABSENT, STUDENTS WILL NEED A DOCTOR'S NOTE OR THE ABSENCES WILL BE CONSIDERED UNEXCUSED.**

Excused absences

A child may be absent from school because of illness, observance of religious holiday, funeral, family emergency, situations beyond the control of the student or such other circumstances which cause reasonable concern to the parent for the safety or health of the student. Excused absences will be given for the absence with valid cause. This includes any absence due to "the mental or behavioral health of the student." Schools must excuse students for mental or behavioral health-related reasons for up to 5 days before a medical note is required.

Unexcused Absences

Reasons for unexcused absences shall include truancy, failure to have proper verification to explain an absence and any unauthorized departure from the building. Parents and students should be aware that any absence from school other than those listed in the excused or pre-arranged absence category are not acceptable and regarded as unexcused. Examples are, but are not restricted to the following: car repairs, shopping, over-sleeping, haircut, getting a driver's license or phone messages saying that the student is "not in," "absent," or "not coming," etc. are not valid reasons for missing school.

Truancy A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00

Parent Teacher Conferences and Meetings

In accordance with the Illinois School Visitation Rights Act, if a parent/guardian's employer wants documentation for time off from work that has been granted to you to attend a "necessary educational or behavioral conference," you can request a form from the school's office to verify this.

Sick Policy

Students should not attend school when they are ill. A student with a fever of 100 or higher will be sent home. A student who vomits will be sent home. Students will not be permitted to return or attend until fever free and UNMEDICATED for at least 24 hours.

Students who complain of feeling ill (sick to stomach, headache, etc.) will be encouraged to stay at school and participate. However, if a student is sleeping and complaining of being ill, a call to the student's parent/guardian will be made so the student can return home.

Personal Possessions

SEAPCO does not assume responsibility for loss or damage of personal possessions.

Video/Audio Monitoring System

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. A video recording can only be made in a classroom with parent notification. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

HEALTH, SAFETY & WELLNESS

First Aid

First aid will only be administered for minor injuries. Parents/Guardians will be contacted if an injury needs medical attention. All medicines/supplies must be given to the teacher upon arrival at school.

Crisis Response Policy

Please access SEAPCO's crisis response policy through the office.

Emergency Procedures

Each teacher is given a crisis response policy which outlines all procedures for various emergencies.

Emergency Parent Contact Information

Parents/guardians will be notified if a student becomes ill at school or is involved in an accident. Parents/guardians will be required to pick up the student at that time. Parents/guardians have included emergency contact person(s) in case they are unable to be reached.

School Closings and Early Dismissal

When the weather or an emergency requires that school be canceled or is dismissed early, the news media will be notified. Please refer to local media outlets for this information for both home school and SEAPCO. All news outlets reporting closures will list our school as SEAPCO.

Tornado Warnings and Severe Weather Procedures

The SEAPCO adopted the following procedures that enable parents to take the appropriate action in case of emergency weather conditions. All students will be directed to go to designated safe places in the building when severe weather conditions exist.

Refer to local media outlets for school dismissals due to inclement weather/closings.

If parents so desire, they may request their students be released from school. Parents must sign and have on file with school officials a request for the release of their student from school.

The procedure for picking up students is as follows:

1. Students will be released from school only through the administrator's office.
2. Students released must be signed out by a parent, guardian, or person designated by the parent or guardian.

Food Allergy Management Program

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building administrator.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Asbestos Plan Notification

This is to inform you of the status of Special Education Association of Peoria County's (SEAPCO) asbestos management plan. It has been determined by the Illinois Department of Public Health and the federal

Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos containing materials.

As required, our building was initially inspected for asbestos. Our initial inspection was conducted on May 18, 1988. The AHERA law requires that a visual surveillance of asbestos containing area be completed every six months, and a re-inspection conducted every three years. Any evidence of disturbance or change in condition will be documented in the management plan as required.

The inspection/management plan is available for public review in the SEAPCO Receptionist Office. If you wish to review the plans, please call to make an appointment between 8:00am- 3:00pm Monday-Friday.

Any concerns relative to asbestos containing materials should be directed to:

Thomas O'Dea
SEAPCO Custodian
Asbestos Designated Person
4812 W. Pfeiffer Rd.
Bartonville, IL 61607
(309) 697—0880 ext. 287

Pesticide Application Notice

SEAPCO maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact the SEAPCO Secretary 309-634-2209.

Monitoring Equipment

In order to ensure the health, safety, security, and welfare of all students and staff at SEAPCO, the school has installed surveillance equipment throughout the building. Private areas (ex. restrooms) and classrooms do not have this equipment. The surveillance equipment will be used by the school for health, safety, security, and welfare purposes, but may also be used as evidence in a disciplinary proceeding. In the case of criminal proceedings, the recordings may be turned over to law enforcement authorities.

Sex Offenders

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender is:

Erin's Law

Erin's Law, which mandates schools to provide sexual abuse prevention education, passed in the State of Illinois in 2011. SA takes this responsibility with all seriousness. Information regarding Erin's law is included in Health and Physical Education courses.

Erin's Law is named for Erin Merryn, an abuse survivor who is now a national advocate for sexual abuse. More information about Erin's Law can be found at: <http://erinslaw.org>

Faith's Law: Sexual Abuse Response and Prevention Resource Guide

Faith's Law is named after prevention advocate and child sexual abuse survivor Faith Colson, who graduated from an Illinois high school in the early 2000s. Faith's Law was passed by the Illinois General Assembly as two separate pieces of legislation. The first legislation established the definition of sexual misconduct within the Illinois School Code and outlined the requirements for schools to develop and post employee code of professional conduct policies. The second legislation adds employment history reviews as part of the hiring and vetting process for schools and school contractors, requires notices to be provided to parents/guardians and the applicable student when there's an alleged act of sexual misconduct, and makes other changes to the process schools must follow when handling allegations of sexual misconduct. As a result, ISBE has developed a resource guide that is available on its website (www.isbe.net) and includes guidance for pupils, parents or guardians, and teachers about sexual abuse responses and prevention resources available in their community, including the contact information of entities that provide services for victims of child sexual abuse and their families.

The Sexual Abuse Response and Prevention Resource Guide can be found on the Illinois State Board of Education website (www.isbe.net) at:

<https://www.isbe.net/Documents/Faiths-Law-Resource-Guide.pdf#search=faith%27s%20law>

No Association employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian. The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parent(s)/guardian(s) of students.

Self-Administration of Medication

A Student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Director or designee will ensure an Emergency Action Plan is developed for each self-administering student.

Student Privacy Protections

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students' Personal Information

The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

Bus/Transportation Procedures & Conduct

Safety is the number one priority on our school buses. This means rules must be enforced and followed. All children riding our school buses will be expected to follow all rules and regulations. Unacceptable behavior on a school bus is clearly defined by the State of Illinois. Such behavior is distracting to the bus driver and a definite threat to the life and well being of all students who ride school buses. District transportation may have video surveillance on their vehicles.

Parents/Guardians will be informed of inappropriate student bus behavior. Parents/Guardians are encouraged to discuss bus safety and appropriate behavior with their young adult regularly during the year. There may be discipline consequences enforced at SEAPCO for bus violations. (See student's home-district policy.)

In the event of an emergency, stay on the bus and await instructions from the bus driver.

Rules and Regulations

- Students are to be at the bus stop 5 minutes prior to their assigned pickup times to allow the bus to maintain its schedule.
- Students waiting for the bus should be off the road and out of danger of passing vehicles.
- If students must cross the road at a discharge point, each student should wait on the shoulder until the driver signals the students to cross.
- Students must wait until the bus comes to a complete stop and the door is open before attempting to board the bus.
- Students boarding the bus should do so in an orderly fashion, refraining from pushing and shoving.
- Students must remain in their seats while the bus is in motion.
- The bus must come to a complete stop before students leave their seats.
- Students should never change seats while the bus is in motion.
- Hands and heads must be kept inside the bus at all times, but out of the aisle.
- Each student should assist in keeping the bus clean and sanitary by not dropping paper, etc. on the floor.
- Students are to refrain from loud talking and laughing or unnecessary confusion that may divert the driver's attention from the road.
- Books, band instruments, and all other objects must be kept out of the aisles.
- Students should never throw any articles (papers, books, clothing etc.) either while on the bus or out of the bus.
- All talking, etc. must stop when a bus approaches and crosses a railroad crossing.
- Students are to obey the drivers' requests promptly.
- Drivers will not stop at places other than the student's regular drop point.
- Each student is to ride his/her assigned bus and may not ride a different bus to a different destination.

The privilege of riding the bus is dependent upon good behavior and observance of the rules and regulations. The purpose of these rules is to provide a safe and enjoyable bus ride for all. Bus drivers are required to report any student who violates these rules and regulations to the principal. Bus misconduct

notices indicating either "warning" or "suspension from the bus" are issued to students by a designated building administrator. Students who are suspended from riding the bus must be present in school on the suspension days.

Sleeping

Parents should ensure that the student has plenty of rest. A student may be removed to an alternate location if there is excessive sleeping and a parent may be contacted.

Running away/AWOL

AWOL: When a student leaves his/her assigned area without permission.

SEAPCO encourages all students to deal appropriately with issues and concerns prior to choosing to run away. One of the program's goals is to teach appropriate techniques to solve problems. Due to concern about a student's emotional state if they leave the building, the parent/guardian, police, and administration will be notified immediately. Students are encouraged to return to school, but may receive consequences from law enforcement as well as be subject to discipline at school.

Attire/Proper Dress

The teacher will ensure that all students abide by the established dress code. The purpose of the dress code is to establish a minimum standard which will not be disruptive to the educational process or which will create a health or safety hazard.

Students who are in violation of the dress code will be separated from the rest of the class. The student's parent/guardian will be notified and asked to bring a change of clothing. If this is not possible there may be alternative clothing to change into, or the student may be required to remain in an alternative setting.

Dress Code

1. No gang, superiority, alcohol, sexual, profane, drug, tobacco, violence, or bar advertising on clothing will be allowed to be worn.
2. Leggings must be worn underneath shorter shorts/skirts/dresses.
3. Appropriate undergarments (including bra, underpants, and socks) are required. These garments are not to be exposed.
4. No exposed midribs, or camisoles.
5. Pants with holes are permitted only below the knee area.
6. Students should maintain good personal hygiene.
7. No dangling earrings, no studded bracelets, necklaces, or other potentially dangerous articles will be permitted. No chains are allowed to be attached to wallets.
8. No shoes with wheels, cleats or metal taps on shoes that cause noise or damage to the floor can be worn.
9. No hats, gloves, bandanas, do-rags, coats, or sunglasses are to be worn in school.
10. Shoes must be worn - no slippers are allowed.

- a. Tennis shoes must be worn for P.E. daily (they must tie and be secure on feet). If a student does not have proper shoes for P.E., then he/she will be provided an alternate assignment to earn a grade and points.

11. Other attire deemed inappropriate by the administration shall be prohibited

Jett Hawkins Law

SEAPCO RISE conforms with Jett Hawkins Law (Illinois Public Act 102-0360) which prevents schools from prohibiting hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locs, and twists.

Care of Property

SEAPCO takes pride in offering a learning environment in which students can be comfortable and which is maintained in a condition that will protect the health and safety of each student. SEAPCO does not tolerate damage to property.

Purposeful destruction of property shall result in a consequence. The consequence is dependent upon individual situations, intentions, and frequency of destructive behavior. Consequences can range from point fine, paying for or working off damages, and/or contact with the police.

Tobacco Products/Look-A-Like Substances

SEAPCO is a tobacco free campus and in accordance with Public Law PL 103-227.

The use or possession of tobacco or tobacco related products (i.e.: cigarettes, lighters, matches, cigarette papers, e-cigarettes) by students is not permitted at any time in the SEAPCO building, on school grounds, SEAPCO campus, or on the bus. Confiscated, smoking material WILL NOT be returned to the student. The police may be contacted as necessary. A student failing to follow this rule is subject to discipline.

Alcohol/Drug Suspected Substance Usage

Students and non-students are prohibited from the use, attempted use, possession, attempted possession, distribution, attempted distribution or being under the illegal influence of intoxicants or drugs (1) on school property, including school buses, (2) in connection with any school activity, and (3) at any time during the school day. Violations of this prohibition will be referred to law enforcement. Student violators shall be subject to student discipline up to and including expulsion. Intoxicants and drugs are defined as: illegal drugs, controlled substances, prescription medications, bodybuilding steroids, illegal drug paraphernalia or any other intoxicating substances.

If due to odor, behavior, physical appearance, or a student is suspected of substance influence or usage while at school:

1. The student will be separated from the other students.
2. The student will be field tested by administration.

3. A determination by the administrator will be made.
4. The administrator will evaluate safety issues including transportation of the student to their home.
5. The student's parent/guardian will be contacted to obtain information and input as well as to share recommendations and make transportation arrangements, if needed.
6. Any drug or controlled substance that is considered illegal will be confiscated and turned over to the proper law enforcement agency along with the student's name, address, and guardian information.
7. Consequences will be determined in consultation with the administrator, home school district, police and other agencies, if appropriate.

Inhalants: Using, possessing, distributing, or being under the influence of any inhalant or any inhaled substance, regardless of whether it contains an illegal drug or controlled substance, is prohibited. Violations of this prohibition will be referred to law enforcement. Student violators shall be subject to student discipline up to and including expulsion. The prohibition in this section does not apply to a student's use of asthma or other inhalant prescription medications taken in accordance with a physician's instructions or over-the-counter inhalants approved by a parent or guardian and proper notice and approval is provided by the administration.

Harassment

Harassment includes, but is not limited to race, color, nationality, sex, sexual orientation, ancestry, age, religion, creed, physical or mental disability, gender identity, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, or other protected group status. All students, employees, and other members of the school community are expected to avoid any behavior or conduct toward any person who could be interpreted as harassment. Any student who feels that harassment has occurred should notify a Dean, nurse, Social Worker, Administrator, teacher, or school employee, and it will be handled in a confidential manner.

Sexual Harassment will not be tolerated at SEAPCO. Any inappropriate touching to students or staff shall result in one or more of the following options: loss of privileges, detention, suspension, expulsion and/or referral to the Bartonville Police Department. Sexting will not be tolerated.

Bullying Policy

SEAPCO defines bullying as an act or acts of intentionally cruel incidents, involving the same student in the same bully and victim roles, whether transmitted in person or electronically from home or school. The intention of bullying is to put the victim in distress in some way.

Bullies seek power in a variety of ways:

- Physical Bullying: Hitting, poking, pinching, or damaging someone else's things are all examples of physical bullying. Hurting someone physically will likely result in suspension.
- Verbal Bullying: Teasing, name-calling, spreading rumors, insulting, threats and other verbal attacks are all examples of verbal bullying.
- Social Bullying: Excluding or teasing others who are different from or disliked by you or your friends is social bullying.

- Emotional Bullying: Engage in teen dating violence or emotional distress
- Cyber Bullying: Using the internet or electronic paging devices to engage in verbal or social bullying is known as cyber bullying. Spreading rumors on social media sites or sending hurtful text messages are two common examples of cyberbullying.

All students, teachers and staff are encouraged to contact the school social worker and Administration upon hearing or learning of any acts of bullying.

The disciplinary response may include:

- Conference with parent and student
- Mediation
- Other disciplinary actions (i.e. ISS/OSS/Police Involvement)

Public Act 103-0047 (eff. June 9, 2023) requires school districts, charter schools, and non-public, non-sectarian elementary and secondary schools to inform parents/guardians of all students involved in the alleged incident of bullying within 24 hours after the school's administration is made aware of the students' involvement in the incident, and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school must make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained by the school within the 24-hour period.

Street Gangs/Secret Societies

The involvement of students in street gangs and/or secret societies and their activities is considered, by Administration, to be a matter of extreme concern. For the purposes of this section, street gangs or secret societies are defined as any organization, composed wholly or in part of school district students, which seeks to perpetuate itself by taking in additional members from individuals enrolled in the school district for the purpose of fulfilling aims unrelated to the School's education process, and which has the effect, or the potential for, disrupting that process.

The Administration, in its discretion and based upon its investigation and evaluation of the facts and circumstances of each case, may impose appropriate discipline, including suspension and/or expulsion, based upon any one of the following student offenses: (1) becoming a member of or joining or promising to join, or pledging to become a member of any street gang or secret society; (2) soliciting any individual enrolled in the school district to attend a meeting where the joining of a street gang or secret society is encouraged; (3) wearing street gang or secret society insignia, including tattoos or "flashing" gang or secret society sign; (4) drawing street gang or secret society symbols; or (5) distributing street gang or secret society literature.

Weapon Policy

A student, who uses, possesses, controls, or transfers a weapon, or any object that can reasonably be considered, or looks like, a weapon, may be expelled. The administration may modify the expulsion period and determination, on a case-by-case basis.

A “weapon” means possession, use, control or transfer of (1) any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owner’s Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code, (2) any other object if used or attempted to be used to cause bodily harm, including but not limited to, knives, brass knuckles, billy clubs, or (3) “look-alikes” of any weapon as defined above.

Any item, such as a baseball bat, pipe, bottle, lock, stick, pencil, and pen, is considered to be a weapon if used or attempted to be used to cause bodily harm. The administration may grant an exception to this policy, upon the prior request of an adult supervisor, for students in food’s class or similar programs, whether or not school sponsored, provided the item is not equipped, nor intended, to do bodily harm.

Search Policy

To maintain order and security in schools, school authorities may inspect and search places and areas such as lockers, desks, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or consent of the students, and without a search warrant.

As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

If a search conducted in accordance with the Section produces evidence that the student has violated or is violating the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

The provisions of this subsection apply in all school districts, including special charter districts and districts organized under Article 34. (House Bill 2596 – P.A. 89-610, Section 10-22.6).

All lockers are the property of SEAPCO and as such may be searched upon reasonable cause. Students should not have the expectation of privacy with regard to any SEAPCO locker. School authorities may search a student's locker when having reasonable suspicion to believe a student is in possession of any item violating school rules, including, but not limited to the following:

- a. School property
- b. Property of another person
- c. A weapon
- d. Any item which violates school rules
- e. Cannabis/cannabinoids (K2, spice)
- f. Controlled substance (as defined in the Illinois Revised Statutes)
- g. Or any substance represented to be cannabis or a controlled substance shall exercise their responsibility, granted by the student's home district Board of Education, in conducting a search. These searches may be conducted with the assistance of law enforcement officials using specially trained dogs.

Locker Search Procedure

- a. The administration and a third party are to be present at the search.
- b. The administration shall set down in writing all factual information supporting the decision to search.
- c. Attempt to secure permission from the student to search his/her locker. (However, as a reasonable cause has been determined, a search may proceed without the student's permission.)

- d. An inventory of all items found in the locker is to be recorded and signed by a witness. A receipt of that inventory will be given to and signed by the student.

Personal Search Procedure

- a. The administration and a third party of the same sex as the student are to be present at the search.
- b. The administration shall set down in writing all factual information supporting the decision to search.
- c. Attempt to secure permission from the student. (However, as reasonable cause has been determined, a search may proceed without a student's permission.)
- d. Ask the person to empty all pockets, purse, billfold, and/or any other items that may contain personal property. This step may also include a non-intrusive pat down of pockets and a search of shoes and socks.
- e. An inventory of all illegal items found in the search is to be recorded and signed by a witness. A receipt will be given to and signed by the student.
- f. Only the Police will handle any search requiring greater intrusion.

Seizure Procedure

Any item which is found during a search that is believed to be violating either criminal law or school rules will be tagged with the student's name, The item will then be secured in a locked area until released to proper authorities or a parent (if deemed appropriate).

Out of School Suspensions & In School Suspensions

Out-of-school suspension is the exclusion of the student from the school setting, including co-curricular activities, from one to ten days. This action is taken only after other measures have been tried or in the case of serious offenses. Accumulation of ten or more days of OSS will result in a manifestation determination meeting to review the student's IEP program.

In-school suspension is the exclusion of the student from the classroom.

Procedures for Appealing Suspensions

If the student's parents or guardians do not believe suspension is warranted or that the student is innocent of the charges, they may request an informal hearing with the principal to appeal the suspension. At the request of the student's parents or guardians, a hearing will be conducted by the principal to review the suspension.

At the hearing, the student's parent(s)/guardian(s) may appear and discuss the suspension with the principal and may be represented by counsel. If the principal conducts the hearing, he/she shall issue a written report that makes a recommendation regarding the issue of guilt. The principal shall also hear evidence on whether suspension is appropriate in the event the student is guilty of the offense with which he or she was charged, and the principal's report shall make a recommendation regarding the appropriateness of suspension to the School Board. If the Board conducts the hearing, the Board shall decide the issue of guilt and hear evidence

on whether suspension is appropriate. After a hearing before the principal and upon receipt of the principal's report, the Board may take such action as it finds appropriate.

Reciprocal Agreement

SEAPCO maintains a reciprocal reporting agreement with the City of Bartonville Police Department, Peoria County State's Attorney, and Peoria County Sheriff's Department. Students and parents are to recognize that information regarding student behavior will be shared between the high school and the above-mentioned offices and may be used in student discipline matters.

Student Usage of Media

Effective January 1, 2015 (105 ILCS 75/15), an elementary or secondary school must provide notification to the student and his or her parent or guardian that the elementary or secondary school may request or require a student to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if the elementary or secondary school has reasonable cause to believe that the student's account on a social networking website contains evidence that the student has been involved in bullying or any illegal activity.
